

LNMV CATHOLIC EDUCATION CENTER & HOLY CROSS SCHOOL

CREATING A LIFETIME MEMORY REFLECTED IN PRAYER - Holy Cross School students from the 6th grade class are helping parents and staff members to create a special prayer garden for our school. This prayer garden will be located outside of the Music/Art Room and will feature flowers, trees, shrubs and perennials and prayer reflection areas with statues and benches. In order to raise funds for this garden and our school, we are selling bricks for the path and/or border of this garden and would like to have as many area families, parishioners and community residents' names reflected in this garden. *We hope you will join us in creating a garden where students from both Holy Cross School and our Faith Formation classes can pray. Bricks cost only \$50 each.*
